WILLIMANTIC

SKYLER IN COURT

PLEADS NOT GUILTY. Ultney Driver Charged With Manslaughter in Causing Death of Sam-uel A. Rockwell of Windsor.

In the superior court here Tuesday, with Judge Joel H. Reed of Stafford on the bench, the case against Harry Skyler of Hartford, charged with manslaughter, was taken up. Skyler entered a plea of not guilty and was represented by former Attorney Gen-eral William A. King of this city. The state's attorney, Charles E. Searls, of Putnam, was assisted in the eprosecu-tion of the case by Lawyer Thomas J. the assistant prosecuting attheley, the assistant prosecuting attorney of the police court of this city.

Skyler's arrest followed an automobile accident on Main street in this city May 20th. He was driving a jitney between this city and Hartford. About 4 o'clock, with several passen-gers, he started for Hartford. While going up Main street, beyond Mansfield avenue and this side of the trolley barn, his machine collided with a trolley car coming from South Coventry. The automobile was badly damaged automobile was badly damaged Samuel A. Rockwell of Windsor. a boller inspector, who was a passen-ger, was falally injured. Rockwell us taken from the wrecked automo-ile and hurried to St. Joseph's hospiwhere upon examination it was ture of the skull.

Rockwell was unconscious and did not regain consciousness. He died early the next morning from cerebral emorrhage. Skyler, who had been de-lined after the accident, was charged with manslaughter after the authorities had investigated the matter. He appeared before the police court and, probable cause being found, he was him. bound over to the superior court. Un-able to furnish any bond, he had to go to the county jail, where he has been since. Skyler appeared in superior court Tuesday morning in the chauffeur uniform which h wore at the time

morning five men excused by the de-fense were men who said they did not own machines. Of the twelve men who are to try Skyler, five are automobile owners and seven are not.

The Jury Selected.

The jurors are George W. Baker and Eugene Migneault of Putnam; Dwight E. Lyon and Eugene B. Hanna, Windham; Roscoe H. Wright, Ashford; Joseph F. Burton, Brooklyn; Millard . Avery, Hampton; Alfred A. Ennis Killingly; Caleb Anthony, Scotland; George F. Pierce, Jr., Sterling; George H. Munyan, Thompson; Willis Covell,

City Engineer Testifies, The first witness called by the state was Robert E. Mitchell, city engineer of Willimantic. Mr. Mitchell said that he had been an engineer for 20 years. He testified that he had made a map of a portion of Main street which inde the locality where the automobile accident occurred. This map was in-troduced and marked as a court ex-hibit. Lawyer Kelley then examined Engineer Mitchell relative to the ter-ritory covered by the map. He said that the street was 60 feet wide. The

could see at least a thousand feet west. In relation to the ledge near the place JAY M. SHEPARD

Telephone 210-2. of the accident, he said that it was about six feet from the sidewalk and it was about 12 feet from a depression in the highway.

Pictures as Exhibits. Harry J. Cotter of this city, the sec-ond witness called, testified that the morning after the accident he went by the place where the accident happened and sa with wrecked automobile. Later in the forenoon he returned to the place and took six pictures of the au-tomobile. Lawyer Kelley showed him three photographs of the wrecked car nd Mr. Cotter identified them as some nat he had taken and developed. He testified that he took them simply be hause he was interested in photography and not at the request of anyone connected with the prosecution of the case The pictures were made court exhibits. Mr. Cotter testified that the automobile

Motorman Testifies.

was badly wrecked.

Paul Marcaurele, motorman on the rolley car which collided with the fit-ney automobile, testified that he was proceeding about 15 miles an how when the affair happened. When he first saw the jitney it was on the right side of the road and he paid no par-ticular attention to it until it swerved the left and went on the trolley to the left and went on the trolley tracks. Then he immediately put on his emergency brakes and throw the trolley into the reverse. Then the crush came. He did not know what part of the automobile collided with the trolley. Seeing that there was a man in the automobile who was hurt he in the automobile who was hurt, he went to a telephone and called up St. Joseph's hospital. The trolley that he was running was due at the city at 4.12 and the collision happened at either 4.06 or 4.07. On cross examination, Marcaurelle testified that before the collision took place he nodded his head o one of the passengers in the fitney but did not recognize him. Later he learned that it was John Wood of South Coventry. Wood had waved at

Conductor's Testimony.

Fred Little, conductor of the trolley, estified that in his opinion the trolley was running about 10 miles an hour. When the crash came the trolley was ar platform when the crash happened. Just before the cellision he saw the automobile on the tarck and braced

Coventry Passenger Questioned. John Wood of Coventry, a passenger a the jitney, testified that he was iding on the front seat with Skyler. The jitney was going at a moderate speed and on the right side of the road. The left wheels of the jitney were on the track nearest to the right side of the road and when about 10 or 12 feet from the trolley car Skyler yanked the steering wheel, heading the car to the right, but the automobile did not respond very ranch. Skyler used considerable force in yanking the wheel. After the accident he went to the railroad station and took a train home. He was not injured any and set in He was not injured any and sat in front of Rockwell, who was badly hurr and who afterwards died.

Norwich Man on the Stand. John O'Connell, formerly of Holyoke Mass., now of Norwich, another passenger in the jitney at the time of the accident, said that he was on the right side of the rear seat. Skyler was no trolley tracks were in the center of the going fast. All of a sudden, while he street and covered a width of five feet, was looking at some apple blossoms. Between the nearest rail and the curb on the side of the road, he heard a on the side of the road, he heard a shout, then a crash, and found himself thrown out of the car. He picked up his grip and hurried to the depot, making the trip with another passenger in a grocery wagen. He saw that Rockwell was hurt, but did not look at Begin line on each side of the street it was 17 1-2 feet wide. The sidewalks were 10 feet wide. From Mansfield one him. On cross examination he testi fied that the automobile left Railroad street at 10 minutes to 4. That was 2 inutes before the Hartford express as due to leave this city. Skyler at

time, even when the accident hapwas driving fast. Jitney Passengers Testify. Albert Phelps, a traveling salesman, no resides at New Britain, and who as a passenger in the litney, testified hat the jitney was not going over 1

isppened.

Israel Goldstein, a dry goods peddler esiding in Hartford, was another passenger in the jitney who testified. He

Mysterious Balloon Causes Excitement.

At 10.30 Wednesday morning a balloon was discovered sailing over the north end of the city. Within a few minutes after the balloon had been sighted residents in all parts of Putnam were flocking to the streets to get a look at the strange craft. Everybody was gazing upward. The balloon passed over the city at the time the pupils of the Israel Putnam school were having the morning rechool were having the morning recess and the youngsters ran to points of vantage on the hills about the school to look at the big bag. Passengers in trains waiting at the railroad station lined up on the station platform to get a look. Where the balloon came from and where it landed are not known. It was sailing high and at a good rate of speed. When first sighted it was coming over the hill to the northwest and continued southeast for considerable continued southeast for considerable line. When leaving sight the balloon was headed toward Providence. Bus-ness men who had field glasses in liceture was illustrated by stereopticon views, several of which were taken by iness men who bad field glasses in their stores or offices brought them all over the United States, and has forth to get a better look and to follow the course of the balloon and the low the course of the balloon and the property of the balloon and the classes were passed around to byglasses were passed around to bystanders. Through the glasses the
balloon could be quite clearly seen.
From it hung a basket and in this
was what was supposed to be a pasintely certain. Trailing from the baslucture around to byglasses were passed around to bystanders. Putnam Carpenters' Union held a
special meeting Wedresday night in
Owls' hall.
Work is progressing rapidly on the
new state trade school being built
on the high school lot, and it is expected that the building will be ready tet was a rope about 100 feet long. One Putnam business man who has relatives in Thompson telephoned to them to see if the balloon was visi-ble in that town. It was said that in Thompson the balloon was seen to pass directly overhead and was head-

cation to State Treasurer at Hartford. F. S. CHAMBERLAIN, Treasurer.

No More Back-Breaking Scuttles To Be Carried Up Those Cellar Stairs

If you buy coal in large quantities you must have room to store it; if in small quantities, it is expensive. When you want to use it you must carry it from its storage place to your range, and of all tasks that is one of the most weary.

When you burn wood or coal you have the heat, dirt, and the trouble of attending to the fire. If you use gas you require no room for storage; no back-breaking scuttles to be carried from the cellar to the kitchen. The fire in the gas range burns steadily and without attention; it is always ready, without dirt or trouble, in large or small quantities.
